

ANNOUNCEMENT

Our Company Svilocell EAD held an Open doors day for Biomass Boiler project, registered under the Voluntarily mechanism for green-house gasses reduction - Gold Standard.

The Open doors day gives a chance for media representatives and all stakeholders to receive an actual information for project implementation, part of Company activities as a leading enterprise in the environmental protection in the area, emphasizing the sustainable development and energy efficiency, social commitment and health and safety at work.

If you have an interest and desire to visit Svilocell EAD for this event, please confirm your attendance up to 29. October 2019 by sending your full name at svilocell@svilosa.bg.
